wound care
solutions

Biatain® Silicone

– superior absorption - faster healing

Features

- Soft & flexible fit¹
- Superior exudate management²
- 3 piece non-touch opening¹
- Wear time up to 7 days

Benefits

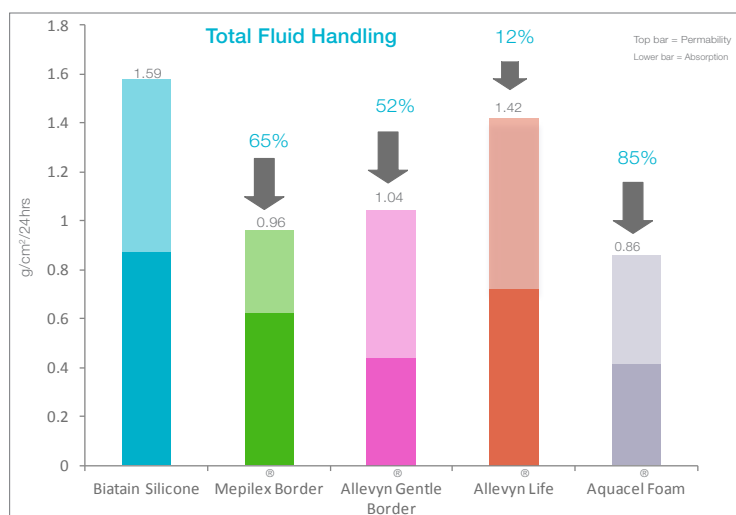

- 65% better fluid handling capacity than competitors²
- A closer fit to wound bed and body¹
- Minimal maceration and leakage¹
- Safe and easy application and less wastage of dressings

Superior
absorption
- faster
healing

Description

Biatain Silicone is a soft and flexible absorbent foam dressing with a gentle silicone adhesive

- Biatain Silicone foam conforms closely to the wound bed for superior absorption and retention of wound exudate, ensuring a moisture balance that is optimal for healing exuding wounds.
- Silicone adhesive for easy removal with minimal damage or irritation to the skin.
- For use on low to highly exuding wounds.

Usage

Biatain Silicone can be used for a wide range of exuding wounds such as leg ulcers, pressure ulcers, second-degree burns, donor sites, postoperative wounds and skin abrasions. Biatain Silicone can be used in combination with compression therapy.

Safe and easy application: Non-touch opening for safer application and less wastage of dressings

Biatain Silicone

Size (cm)	Qty	Code	NHS	PIP
